Subject: Uber

It is near impossible to get a cab ride in South Carolina. Also DUI rates are extremely high.

Why would you shut down an affordable, reliable, clean, and safe transportation service?

WHY would you deny the public this service that they desperately need?

This isn't just from a drinking and driving standpoint, but you are doing a disservice to the general public by blocking uber in SC.

It seems you are relying on the money that is taken from checkpoints, drunk driving, people driving without insurance, and driving without a license.

Why are you standing in the way of progressive thinking?

Subject: Keep Uber in SC!

Since moving to Fort Mill a couple of years ago, my only regret has been missing out on Charlotte nightlife. Having recently discovered Uber, I felt my freedom to safely travel into town and enjoy myself had returned. I feel much safer using Uber and would never consider taking a cab that distance. Your order for Uber to cease and desist will only discourage people from leaving Charlotte for SC and encourage drinking and driving. This seems like a big mistake that makes no sense.
